## LA GRANGE COLLEGE

### HISTORY

At the time of the founding of LaGrange College in 1831,\* there were few institutions in the world devoted solely to the higher education of women. Even at that early date, however, LaGrange Institute was an academy of high grade.

In the year 1847 a charter was granted by the Legislature of Georgia and LaGrange Institute became LaGrange Female College, with all the rights of "conferring degrees, honors, and other distinctions of merit" accorded to other colleges and universities.

After several years of prosperity—often two hundred and fifty girls being in attendance—the entire property was sold to the Georgia Annual Conference of the M. E. Church, South. In September, 1857, the college began its distinctive work of Christian education. In the ensuing years it has received patronage from every section of the South.

In 1859 it took precedence over all church schools in sending out the first resident graduate class in the South. Of this class, Mrs. Alice Culler Cobb, afterwards a successful teacher in Wesleyan Female College, was an honored graduate. When well established in a career of ever-increasing usefulness, its work was arrested by a most disastrous fire on the 28th of March, 1860. The college property at that time consisted of a magnificent building, ample chemical apparatus, a complete equipment of costly musical instruments, a large and well-selected library, and the best dormitory furnishings in the State. It was said by one of the historians of Georgia that a small fortune was at that time consumed in the way of fine old mahogany and black walnut furniture. But fire was not to destroy this institution which had been dedicated to the advancement of Southern women. The friends of the college—especially the generous-hearted citizens of LaGrange and of Troup County—rallied to the institution dear to their hearts. The Civil War again interrupted, and for four

years the old college stood an appealing monument on the lofty hill that overlooked the desolated streets of the beautiful town of LaGrange. At the close of the war, its friends, with loyal perseverance and indomitable energy, succeeded in rebuilding, and the college started on a long and successful career. Since that time, under the presidency of some of the most prominent lay and clerical members of the M. E. Church, South, the college has sent forth from its halls hundreds of scholarly women who have occupied prominent positions in the various walks of life.

### **PURPOSE**

LaGrange College strives to provide for its students an atmosphere permeated with the friendliness of congenial companions and enriched by association with sympathetic teachers; to bring them into contact with a type of scholarship which will arouse in them a desire for the culture which such scholarship imparts; to develop in them the highest and noblest impulses of Christian womanhood, that they may become teachers of all that is beautiful in nature, best in books, and highest in character.

### **LOCATION**

LaGrange College is located in the City of LaGrange, Troup County, Georgia. LaGrange is seventy-one miles from Atlanta, on the Atlanta and West Point Railroad, one hundred and five miles from Macon, and about half-way between Brunswick and Birmingham on the Atlanta, Birmingham, and Coast Railroad.

The College is situated on a hill, one-half mile from the business portion of the town. The campus, which is nine acres in extent, is 832 feet above the sea level, in a region on the upper side of Pine Mountain, with natural drainage in all directions. The extreme cold of the higher mountains and the heat of the lower lands are both avoided. Mr. Sears, agent of the Peabody Fund, said: "I have traveled extensively in Europe and America, and I have not seen LaGrange equaled for beauty and adaptation."

### **BUILDINGS AND EQUIPMENT**

The principal buildings of LaGrange College are the Auditorium, the Oreon Smith Memorial and the Harriet Hawkes Memorial. The Auditorium Building is three stories high. It contains

the Department of Music, the Art Studios, the Science Department, the Department of Home Economics, the Auditorium, and various classrooms.

The Oreon Smith Building contains Hardwick Hall, used for evening prayer, literary societies, student meetings, and Y. W. C. A. services; the college parlors, the social rooms, the Y. W. C. A. room, the dining hall, the infirmary, the post office, bookshop, and the president's suite, on the lower floors. The entire upper floor is used for dormitory purposes.

The Harriet Hawkes Building was completed in 1911. It contains the library and reading room, classrooms, and offices of the dean and registrar. The upper floors contain dormitory rooms, fitted with single beds and all equipment for two students each. The floors all have broad verandas. All buildings are electric lighted and steam heated.

In the summer of 1920 about \$40,000.00 was spent in improvements and equipment. The interior of the Oreon Smith Building has been practically rebuilt, all the rooms having been provided with new flooring, plastering, wiring, and fixtures. The wood-work has been repainted, the heating system repaired, and a new plumbing system installed which provides ample baths and toilets and conveys hot and cold water into every bedroom. The dining room has been refurnished; lavoratories have been placed in all bedrooms of the Hawkes Building, and the plumbing equipment has been made adequate for all its occupants. The schoolroom equipment has been greatly improved by the purchase of teachers' desks, blackboards, globes, and additional apparatus and supplies for the chemical and physical laboratories.

### **GYMNASIUM**

The first floor of the Harriet Hawkes Building is devoted to physical education. The Gymnasium is equipped with the best modern apparatus, and adjoins a swimming pool which has a capacity of 18,000 gallons. Adjacent to the pool are dressing rooms and shower baths.

### **ATHLETIC GROUNDS**

To the rear of the Gymnasium there is an athletic field, where provision has been made for tennis, basket ball, team and track work.

## **LIBRARY**

The Library contains over eight thousand volumes which represent carefully selected reference books for the different departments of the College.

Newspapers and magazines for general reading are kept on the tables, and the students are encouraged to keep in touch with present-day events.

## **LABORATORIES**

The Departments of Physics, Chemistry, and Biology are each thoroughly equipped with apparatus and supplies for individual work.

The Chemistry Laboratory is large, well-lighted and airy, with supplies for a large number of students.

The Physical Laboratory is well-equipped with high-grade apparatus for accurate work.

The Biology Laboratory is supplied with excellent microscopes, slides, and specimens.

## **STUDENT ACTIVITIES**

### **THE LA GRANGE COLLEGE SCROLL**

The LaGrange College Scroll was organized in January, 1922. This paper is designed to be a medium through which the best thought of the student body may find expression, and to serve as a bond of union between the College and former students and alumnae.

### **THE STUDENTS' HANDBOOK**

The Students' Handbook is issued by the Student Government Association. This is a manual of the student life of the College and a guide to daily conduct.

### **THE QUADRANGLE**

The Quadrangle is the College annual issued near the close of the scholastic year.

### **THE YOUNG WOMEN'S CHRISTIAN ASSOCIATION**

The Young Women's Christian Association is developing among the students a zeal for the cause of religion at home and abroad. Besides conducting weekly meetings for prayer and religious instruction, it promotes an intelligent interest in social and moral problems. Graduates of the College in both the Home and Foreign Mission fields are a compensating evidence of inspiration from this organization. A number of Bible and mission study classes are carried on under the direction of the faculty and more mature students. There is an attractive Y. W. C. A. room on the first floor of the Oreon Smith Building.

### **SCIENCE CLUB**

The *Phi Beta Chi* is an honorary society composed of high average students from the Physics, Biology and Chemistry classes. The purpose of this society is to acquaint the student of one branch of science with the other branches by first hand information from our local resources. There are three chapters of the Phi Beta Chi Society: first, the *Apprentices*, who are the beginners; second, the *Journeymen*, who are striving to be members of the last chapter, the *Science Guild*.

### **ATHLETIC ASSOCIATION**

An Athletic Association, composed of the members of the student body, under the supervision of the physical director, has control of outdoor sports. It assists in equipping the outdoor courts and track, formulates the rules for eligibility in class and college contests, and constantly encourages participation in all outdoor games, maintaining always a high code of honor and true sportsmanlike conduct in all forms of athletics.

### **DRAMATIC CLUB**

The Dramatic Club is for the purpose of studying plays, ranging from Shakespeare to modern comedies. Public performances are given at intervals throughout the year.

### **THE QUILL DRIVERS' CLUB**

The Quill Drivers' Club gives its members training in journalism, and also keeps the College in touch with the outside world. A weekly report is made through its members to the prominent newspapers of the State.

### **LE CERCLE FRANCAIS**

*Le Cercle Francais* is an honorary society, the membership of which is made up of the best students of the different classes in French. French is the language of the weekly meetings, and an opportunity is thus given to develop a knowledge of practical French outside of the classroom.

### **EL CIRCULO ESPANOL**

This club is composed of the best students of the classes in Spanish. The bi-monthly meetings are conducted in Spanish.

### **THE ORCHESTRA AND GLEE CLUB**

The Orchestra and Glee Club give public performances at the recitals of the College.

### **THE ENGLISH CLUB**

The English Club is composed of those Juniors and Seniors who have English as a major or a minor subject. In the spring term, it is open to the best literature students of the Freshman and Sophomore classes. The purpose of the club, which meets seven or eight times during the year, is to consider various phases of contemporary literature.

### **LATIN CLUB**

*Societas Minervae* is open to all students taking advanced courses in the Latin department. The club endeavors to supplement the work of the classroom and to awaken in its members a keen and stimulating interest in ancient civilization. The monthly meetings deal with live discussions and projects from Roman life.

### **THE INTERNATIONAL RELATIONS' CLUB**

The International Relations' Club, known locally as the Forum of Democracy, is an organization comprising the entire resident student body. It is composed of two rival sections, each containing five discussion groups. This organization, like those with which it is affiliated, has for its main purpose the study of international relationships. The programs include not only round table discussions, but formal debates and lectures.

The Debater's Union is a branch of the organization of the International Relations' Club. It consists of those students who represent the rival sections of the Forum of Democracy in the five or six debates of the year.

### **HONOR CLUB**

In January, 1924, the Faculty recommended that an Honor Club be established. Eligibility to this club is conditioned upon the literary hours taken and the character and academic standing of the student. Members are elected each year from a list of names submitted to the Faculty for consideration. Election to the Honor Club is the highest distinction that can be conferred upon a student.

### **STUDENT GOVERNMENT ASSOCIATION**

The Student Government Association, based on powers and laws granted it by the president and faculty, has control of all matters pertaining to the conduct and social life of the students. The life and work of the College is based on the honor system, and this system applies not only to the rules and regulations concerning conduct, but to midyear and final examinations, monthly and weekly tests, and to all written work, such as notebooks and themes.

Upon entrance each student is furnished with the Students' Handbook, so that she may familiarize herself with the rules of the Student Government Association.

## **ALUMNÆ AND MATRICULATES' ASSOCIATION**

The object of the Association is to preserve and quicken the interest of the alumnae and former students, to keep alive girlhood friendships, and to create a helpful relationship toward the College. The highest purpose of this organization is to keep intelligently informed of the needs and welfare of the institution and to seek opportunity to express this interest by voluntary services for the College.

At the reunion in 1921, all matriculates were made eligible to membership in this Association. The dues are one dollar per year. All alumnae and former students are invited to become actively identified with it.

The general Association has given over five thousand volumes to the College library, over \$2,000.00 in money for purchasing new books, given four scholarships to students, and has done much toward beautifying the College campus.

It is earnestly desired that in every place where as many as five alumnae or former students may reside a local chapter of the Association shall be formed and so report to the President of the Alumnae and Matriculates' Association headquarters.

The annual reunion is held during Commencement each year, and all who are eligible to membership are warmly invited to return to the College for that meeting.

For officers of the Association, see page 5.

## THE NEEDS OF LA GRANGE COLLEGE

For more than three-quarters of a century a steady stream of cultured young women has been going out from the halls of LaGrange College to bless the world in all phases of life. No accurate calculation could be made of the good the institution has done through these hundreds of women. Its graduates and former students are in almost every State in the Union and in many foreign countries. They have become teachers, nurses, doctors, home builders, missionaries—in fact, there are no walks of life which they have not enriched and elevated by lives and services.

There are many upon whom the Lord has laid the responsibility of wealth, some of whom are anxious to find religious investments. Can a more profitable investment be made than in some phase of the life and work of a Christian college, in this way multiplying itself a hundred fold in the lives and character of Christian womanhood?

No denominational college is conducted for gain. Indeed, to every student who attends a church institution, the church makes to that student a contribution of a part of her expenses. The church college is dependent upon its friends and the friends of Christian education not only for its upbuilding, but also for its very existence.

The greatest need of LaGrange College is a large increase in its endowment. A gift for this purpose could take the form of a memorial by the endowment of a chair or professorship, or the endowment of the library or a section of the library. A building on the campus would be a splendid memorial to a parent, a daughter, or other relative.

There are other needs which could be met by gifts in any sums, either large or small, information concerning which will be cheerfully furnished.

Make a donation to LaGrange College now.

Leave the College a sum in your will.

With reference to any matter relating to the needs of LaGrange College, write W. E. Thompson, President, LaGrange, Ga.

## INFORMATION TO PROSPECTIVE PATRONS

By enrollment with us, students pledge themselves to abide by the rules of the College.

No student will be enrolled in any subject unless she presents a registration card properly filled out and duly signed.

Parents desiring their daughters to come home or to visit elsewhere during the session must first send request *to the president*. Such request must not be included in letter to the daughter, but *mailed directly to the president*. Our experience has proved that visiting while in school is usually demoralizing.

Students will not be permitted to accept invitations for weekend visits. By request of parents, permission will be given to visit students living outside of LaGrange for a holiday of more than three days' duration. No student will be given permission to visit local students during holidays.

Students are not allowed to send telegrams or telephone messages without special permission.

We encourage our students to be economical, and we ask parents to coöperate with us in discouraging needless expenditures.

Students who keep money in their rooms do so at their own risk. Provision is made for taking care of the spending money of students.

Books, sheet music, and stationery are sold in the Bookshop for CASH.

Students must pay for damages done College property.

Students are required to attend the church of the parents' choice.

Students are not permitted to spend the night out in town, communicate with young men without permission of the president, leave the grounds without permission, borrow money, jewelry, or clothing from each other.

## HEALTH

A close supervision is exercised over the health of boarding pupils. All cases of sickness are required to be reported immediately to the nurse; in case of serious sickness, a physician is called. The perfect sanitary arrangement, good water, and elevated country free from malaria have prevented sickness to a degree unsurpassed by any similar institution in the State.

Students must send with admission blank physician's certificate showing successful vaccination and inoculation.

#### DRESS

Parents are urged to coöperate with the administration in encouraging simple and inexpensive clothes.

Every student must be provided with rubbers, umbrella, and raincoat.

Each student must be supplied with several middy blouses, a pair of black pleated bloomers made of soft serge or other woolen cloth, and black tennis slippers for gymnasium work.

For ordinary wear, parents are requested to dress their daughters plainly.

The Senior Class wear Oxford gowns in graduating exercises.

#### FURNITURE

The College supplies the students' rooms with heavy furniture. Each student is expected to furnish her own towels, pillow, sheets, blankets, counterpanes; also napkins and napkin ring (plainly marked); and any other articles desired for her own room for use or ornament—as pictures, curtains, rugs, a spoon, tumbler, knife, fork, etc. Students must not bring electric irons; these are furnished by the College.

#### GUESTS

Patrons and friends of the college are always welcome to its hospitality. As all visitors are guests of the college, and not of individuals, a student who wishes to invite a guest must consult the matron to know whether the guest room is available. Students may not entertain guests in their rooms. Guests may be entertained only from Saturday afternoon until Monday morning. No charge will be made parents and sisters of students. Payment will be required for the entertainment of friends at the rate of one dollar and a half per day. *All guests are expected to conform to the dormitory regulations.*

#### LOAN FUNDS

Students may be able to borrow from certain special funds of the College enough money to defray a large part of their expenses. This money loaned to a student begins to bear interest at six per cent at the end of the year in which it was used.

Mr. William S. Witham, of the Board of Trustees, donated to the College the sum of \$10,000.00 (which has increased to over \$24,000.00), to be lent to dependent girls.

Mrs. J. C. Davidson, of West Point, Ga., as a memorial to her husband, gave \$1,000.00 to be used as a loan fund.

Mrs. Frances Clementine Tucker, of Atlanta, Ga., left in her will provisions for a loan fund. This is now available to LaGrange College students.

Circulars of information concerning these funds can be secured from the president. The decision as to who will be accepted is vested entirely in a Committee of the Board of Trustees, to whom all applications will be referred.

### BUREAU OF APPOINTMENTS

The College, through the faculty, assists such graduates as wish to teach to find positions. This service is rendered without charge.

### REPORTS

Formal reports, based upon semi-annual and final examinations, together with the daily records of work, will be issued as soon as practical after the end of the first term and after commencement. Upon these the system of credits for finished work is based.

The instructors will endeavor to help students make up work from which they were absent because of sickness. Unnecessary and unexcused absences seriously affect the standing of students.

### ADMISSION OF STUDENTS

Students may be admitted by certificate or by examination.

Graduates of the accredited high schools are admitted without examination upon such courses as certificates show they have satisfactorily completed.

Students from other than accredited schools are examined at entrance.

*All students entering College must meet the regular entrance requirements, whether or not they expect to take the full amount of work leading to a degree.*

Literary requirements for those wishing to specialize may be found under the head of the desired special, as Art, Expression, Music.

## CERTIFICATES FOR ENTRANCE

Every student who enters—for music, art, literary work, or other course—is expected to present a certificate from the last school attended, covering her work. This rule may be abated for students in music or art only, who do not enter the College dormitory and are not seeking any certificate.

Students should secure from the College the blank certificate to be filled out and signed by the principal of the school they are attending. This should be sent in before the summer vacation. Candidates will find it much easier to attend to this before their schools close for the summer.

If the work of a student who has been admitted by certificate is found unsatisfactory, such student may be placed in a lower class.

### STATE CERTIFICATION

Students who receive the Bachelor's Degree and who have also completed our courses in Education in accordance with State prescription will be given the *Provisional College Certificate* by the State Board of Education. This gives license to teach without examination for three years in the high schools of Georgia, and at the expiration of three years a renewal for seven years.

In all written work constant attention should be paid to spelling, punctuation, and good usage in general as distinguished from current errors. In all oral work there should be constant insistence upon the elimination of such elementary errors as personal speech-defects, foreign accent, and obscure enunciation.

The candidate will write one or more compositions several paragraphs in length. For this purpose a list of eight or ten subjects will be provided. These will be suggested in part by the books in the above-mentioned list, but a sufficient number of other sources will make it possible for the candidate to draw upon her own experience and ideas. She will not be expected to compose at a more rapid rate than three hundred and fifty words an hour, but her work must be free from common errors in grammar, idiom, spelling, and punctuation, and should show that she understands the principles of unity and coherence. In addition, questions will be asked on the practical essentials of grammar, such as the construction of words and the relation of various parts of sentences to another.

*The second part*, on Literature, will test the faithfulness with which the candidate has studied the work in the list and her ability to grasp quickly the meaning of a passage of prose or verse that she has not previously seen and to answer simple questions on its literary qualities. No candidate will be passed on this part of the examination whose work shows serious defects in composition.

A minor is defined as three hours beyond the required work in a department where the required work is six hours or more; in a department where the required work is less than six hours, six hours of additional work shall constitute a minor. #### ART

##### MISS BLACK

Art is a subject that is practical and necessary, as well as cultural. No one can escape from displaying taste or the lack of it. Students should become increasingly sensitive to the aesthetic elements of their surroundings, and it is the aim of this department to cultivate such sensitivity. A sense of the beautiful increases resistance to the strain of modern tension and adds to the inner reserve power. To know art is, as some one has aptly said: "To know history, biography, mythology, literature; to feel religion and to respond to the gentle teaching of nature."

The classes in Free-hand Drawing are free of charge to all students connected with the institution.

Courses in China Painting and Arts and Crafts are open to students who do not wish to pursue the course leading to a diploma in Art.

Pupils in China Decoration are not required to take regular art, except when studying for an art diploma.

## **EXPRESSION**

MISS COUSINS

This department aims to awaken and develop the innate powers of the individual student, and through training to bring voice and body into a spontaneous and sympathetic response to the conceptions of the mind and the emotions of the soul.

To this end is stressed the interpretation of good literature, lyric, epic, and dramatic poetry, and prose impersonation.

**PANTOMIMIC TRAINING.**—Special exercises for normal adjustment and Physical response. The agents of the body are not "taught" to act, but are *awakened* to a harmonious response.

Second-year Sight Singing.  
Senior year Organ.  
Four numbers in public recital, one a Bach number of heavier class.

#### **Literary Requirements for Diplomas in the Music Department:**

Three years of English (except A.B., and B.S., degree students); two years of Bible; two years of a Modern Language. Students who are candidates for the diploma in Piano, Violin, or Organ are required to take each year in addition to the practical instruction at least nine hours of literary work, including Harmony and History of Music. Students who are candidates for the diploma in Voice are required to take at least twelve hours of literary work. Candidates for the diploma in Piano or Violin are required to practice three hours daily.

#### **Credits for Music Toward the Literary Degree**

A candidate for a degree may take music as a free elective. Two half-hour instruction periods a week and practice for one and one-half hours daily, with satisfactory progress on the part of the student, will give her a credit of two hours. She will receive credit for work in theory and history of music on the basis of one hour of credit for each hour of recitation work. In order to receive credit for practical music the student will be required to take one hour of theory or history of music for every two hours of credit in practical music. The maximum credit allowed for practical music, theory, and history of music toward a degree is nine hours. No credit is allowed for courses labeled "preparatory" in the catalogue.

In general, unless a student is exceptionally well prepared in music upon entrance, she will not be able to obtain a diploma in Piano or Violin and a literary degree in four years without doing summer work.

## **PHYSICAL EDUCATION**

MISS COUSINS

It has long been an accepted fact that mental states are directly influenced by one's physical condition. Hence, an educational institution cannot furnish efficient, systematic development for the members of its student body unless it makes adequate provision for physical training and the study of personal hygiene. There is an acknowledged tendency on the part of many young women to take too little exercise. Round shoulders are all too prevalent. Lowered muscular tone and control of the nervous system are danger signals of impending ills and disorder. Accordingly, the purpose of this department is to acquire by systematic exercise the co-ordination of the mind and body, and to overcome by corrective gymnastics any physical defective conditions of the body.

Two hours a week is required of every student, unless she is pronounced physically unfit by the examining physicians.

Two years' work in Physical Education is counted as one college hour.

**Formal Gymnastics.** Swedish gymnastics, progressing from free-standing to heavy apparatus, such as rings, ropes, ladders, bars, etc., marching tactics, rhythmic exercises.

**Normal Course in Gymnastics.** A course open to Juniors and Seniors.

Once a week throughout the year.

This course covers a wide range of adaptability, both for the directing of physical education in public schools and for the children's playground.

## **EXTRA STUDENT EXPENSES**

While we have listed in the above schedules every item of necessary expense, there are some items, the aggregate of which is small—such as literary society and student association dues—which, though not absolutely necessary, are advisable. A young woman is sent away to college to be educated, not only in books, but for life, and she should be taught to give systematically to the church, Sunday school, and other organizations, in order that she may return to her community with convictions as to her individual duty.

We suggest to parents the advisability of requiring their daughters to keep an itemized account of personal expenditures. Young women should be taught the golden mean between niggardliness and extravagance.

The habitual indulgence in confectionery and soft drinks is not only expensive, but is frequently injurious to health.

## **NOTES REGARDING EXPENSES**

Checks should be made payable to LaGrange College.

Two hundred and one dollars must be paid upon entrance in September. Dues for special courses are payable October 1 of first term; for second term are payable February the first.

*Students are not allowed to register until satisfactory financial arrangements are made.*

No reduction will be made for pupils who enter within one month after the term opens.

No student will be received for less than a term, except by special agreement.

No discount will be allowed for absence from any cause except sickness, and that only when the absence is for as long a period as ONE MONTH.

In the event of withdrawal *on account of sickness*, the amount paid for board in advance of date of leaving will be refunded, *but not the amount paid for tuition.*

No reduction will be made by reason of a change in the course made during the term.

Written permission must be sent by the parents or guardian, directly through the mails, addressed to the Dean, and not to the student, before any subject may be dropped.

All dues must be settled in cash before students can receive certificates and diplomas.

No transcript of credits will be given until all dues are settled in cash.

A deposit of fifteen dollars must be made in the Bookshop at the opening of the term, for the purchase of books and stationery. No accounts are open on our books for charges in the Bookshop; books, stationery, and art materials are sold for CASH only.

The college will be closed for the Christmas holidays.

#### **DISCOUNTS**

When two or more *boarding* students are entered from the same family, a discount of ten per cent for board and literary tuition will be allowed, provided payments are made in advance, and provided both sisters remain the whole semester.

A discount of \$100.00 will be made to ministers regularly engaged in their calling who enter their daughters as boarding students. All "Specials" will be charged at the regular rates.

To ministers regularly engaged in their calling who send their daughters as *day students* will be given a discount of one-half the literary tuition. Branches under the head of "Specials" will be charged for at the regular rates.

#### **SCHOLARSHIPS**

The Board of Trustees authorizes the President to offer scholarships to the value of one hundred dollars in the Boarding Department for one year to the first-honor graduates of accredited high schools.

Students holding college scholarships will not be given further discounts in that year.
